“Thank you to the team at Ford Sinclair for continuing to support BCCS. Throughout this current climate our work in supporting children’s mental health is more important than ever and we have been working tirelessly to ensure we are here for those children and families who need our specialist care. Donations such as these made by our corporate supporters, will help us continue our vital work with children, young people and their families in our community. Sadly, we anticipate that there will be an even greater need for our services into the foreseeable future”.
